

Fall Prevention: Slips, Trips, Falls and Common OSHA Citations

Tuesday, May 18, 2021, at 1:00 p.m. (CST)

Jobsite and workplace hazards related to falls continue to be a common source of OSHA citations year in and year out. At the same time, slips, trips, and falls continue to be one of the most frequent sources of claims. Not only is it costly in monetary terms but it can result in loss of livelihood or even loss of life. Join us for this webinar to hear a safety professional and a claims professional have a dialogue about workplace falls — from prevention and best practices to the consequences when falls do occur.

After registering, you will receive a confirmation email and calendar appointment. You may access this and other webinars on federatedinsurance.com.
