**Next Meeting: Thursday, October 28th, 2021**

This month's meeting will be hosted by Kenny Lambert of Coresential along with Apex/Crescent Tools, featuring Michael Mazzoli, Gear Wrench, Torque Wrench Specialist and Chris Fields, the Florida Territory Manager. They will discuss and demonstrate the proper torque wrenches for the electrical field, the 2017 NEC torque requirements now in effect, and the new Electrician tools JOBOX application by Crescent. They will have the trailer onsite for us to check out. This presentation is great for all field installers and apprentices to attend, as well as contractors. Please join us as you will find this program quite interesting and informative. If you know of anyone that would like to join us for this meeting, please forward this notice to them.

Mary will be serving Smothered Pork Chops with mashed potatoes, gravy, roasted veggies, salad, and home-made brownies for dessert.

It is especially important that you make reservations so that enough dinners may be ordered.
