## Everything is Encrypted — Now What!? Five Things to Help Prevent Ransomware Impacting Your Business

Tuesday, July 20, 2021, at 1:00 p.m. (CST)

Ransomware is impacting over 51 percent of organizations all around the globe. While it appeared ransomware cases might be decreasing for a brief time, these incidents rose dramatically in 2019 and show no signs of slowing down. This increase in malicious activity has serious business ramifications, from increasing downtime to causing revenue loss to damage to your brand and reputation. Being held hostage by ransomware is a scary event to deal with in your organization. It's essential to understand the emerging trends in ransomware, and the recent highly targeted attack vectors, what actions you can take to help prepare before an attack.
