

*North East Coast Chapter*

# Sporting Clays 'Fun Shoot'

Thursday, October 6, 2022

Jacksonville Clay Target Sports  
12125 New Berlin Rd.  
Jacksonville, Florida 32226

**Plan to join the ECF North East Chapter for a great afternoon of sporting clays. You'll have time to network, enjoy lunch and then work your way through the shooting stations.**

If you're unfamiliar with sporting clays... to put it in a "shot shell", here's the definition we like to use – Sporting Clays, sometimes referred to as "Golf with a Shotgun" consists of a series of natural and unique shooting fields connected along a course trail. At each field (or station), teams of 4 attempt to shoot airborne clay targets simulating game bird flight.

Scoring is easy – each target equals one point. The shooter or team with the most points wins.

Jacksonville Clay Target Sports has two state of the art 15-station sporting clays courses designed by renowned sporting clays architects and designers, Heyward Cunningham and Rick Hemingway. *The Clays Courses have something for everyone to enjoy.*

Shooters must wear ear and eye protection on the course. Shooters will be required to sign a waiver the day of the event and observe all safety rules.

Don't own a gun? JTCS has a limited number of shotguns to rent. Everyone will receive safety training the day of the event.

If you've never shot clays before, there will be lots of experienced shooters on hand.

**Date: Thursday, October 6, 2022**
