nlburdick12@gmail.com**

August Meeting

In August the Tampa Chapter ECF offered the opportunity to attend a non-CE program on Construction Business Practices (Lien Law). The presentation was given by Attorney Carl Mitchell with the Law Office of Older, Lundy & Alvarez. Mr. Mitchell specializes in construction law and shared many helpful hints on when and the proper procedures to file legal action on un-paid contracts. Our evening meal was sponsored by Mark Costis and Dale Jarosz with GenerX generators. The grilled steak, baked potato, corn on the cob, salad and dessert prepared and served by the American Legion was a great hit as usual. Make sure to consider GenerX for your generator needs.

September Meeting

The Chapter mentor Kenny Lambert has invited Zoilo Boehme and Osmar Fierro with Lutron to be the guest speakers for the evening. Coresential is now the manufacturer's representative for Lutron. Lutron is always on the leading edge of new product development, so please make plans to attend and learn of the new Lutron products available.

Also mark your calendars for the Tampa ECF Chapters annual Mini-trade show to be held on Wednesday October 16th.
