July Meeting

Due to the new texting while driving laws that went into effect in Florida on the first of July, Austin Bass and Tyler Selesky with Federated Insurance presented an one hour CE class entitled Distracted Driving - What is Important to Know (ECLB Course #0801744 - Provider #:0001107). Everyone that attended found out how these new laws will affect them and their business.

August Meeting

For August the Tampa Chapter ECF is pleased to announce an exceptional opportunity to attend a non-CE program on Construction Business Practices (Lien Law) presented by Attorney Carl Mitchell with the Law Office of Older, Lundy & Alvarez. Carl joined Older, Lundy & Alvarez in 2017 after 14 years with Sivyer, Barlow & Watson. Carl practices in commercial and construction litigation and has handled a wide variety of cases, including commercial foreclosures, franchise disputes, fraud, contract disputes, construction industry licensing, construction defects, employment matters, and non-competes. Carl has represented large corporations, including banks and builders, as well as individuals. He has been twice recognized as a Super Lawyers Rising Star.
