

## Cyber Security and Risk Management

**Tuesday, July 16, 2019 (1 PM CT)**

45 minutes | Complimentary | Advance registration required

Hardly a day goes by that we don't hear about a security breach or incident involving the loss of sensitive data to outside influence or "hackers." We will discuss several layers of risk management that could or should be implemented to reduce a business's exposure, as well as coverage options available to transfer this risk to an insurance carrier. Cyber-crime is the fastest growing and most dynamic exposure in business today and we'll address strategies to minimize the risk.
