

ELECTRICAL COUNCIL OF FLORIDA
PINELLAS CHAPTER
GENERAL MEMBERSHIP MEETING

*VFW POST 4364
5773- 62nd St. North
Saint Petersburg, FL 33709*

Next Meeting: Thursday, September 26, 2019

I am pleased to announce that Garrett Pepper of Federated Insurance will be our Instructor for this month's meeting. He will be presenting a CE class titled:

“Cyber Shield Protection against Cyber and Privacy Exposure”

This class counts toward one hour of Business (Prefix B). ECLB Course Number #0801747 and Provider Number: #0001107. The one hour of Business can be applied toward renewal of your electrical license prior to the August 31, 2020 deadline.

Federated Insurance will provide valuable information regarding cybercrime trends pertaining to data breaches as well as what your business may be responsible for, should such an event occur. They will identify seven primary areas; varying coverage options; and share risk management opportunities along with policy procedures and practices a business can implement in order to control their cyber exposure. Casey Landry of State ECF will be assisting.

Not only is this course great for Contractors but would be very valuable for anyone that uses IT, including but not limited to the general public.

Please join us as you will find this program very interesting and informative. If you know of anyone who would like to join the Pinellas Chapter for this program, please forward this notice to them. Mary will be serving Lasagna with a side of Italian Sausage, Garlic Bread, salad and Brownies for dessert.
