Editor's Note:

Happy New Year! Welcome to our first Newsletter of 2020. Last year sure did fly by and I hope you're as excited for 2020 as we are. I first want to thank everyone who participated in the Annual ECF Golf tournament last Fall. Please check out the photos of each of the golfers that attended. Secondly, I would like to bring to your attention for 2020 is our ECF Sponsorship Levels. Sponsoring your local ECF Chapter is not only a great way to show your support for the ECF, but also, this yearly Sponsorship includes all of the Central Chapter events throughout the year, as well as some extra perks. For those of you who are already attending all of our events throughout the year, you'll notice that this offer will actually save you some money as well! You can find more information about this in the flyer, directly below. Lastly, please check out the our save the date flyers for some upcoming events. We are very excited to announce our second annual ECF Central Chapter Bowling Tournament!! This event will be held Tuesday March, 31st at the AMF Sky Lanes in Orlando. For those of you who attended last year, you know how much fun this event was and we're expecting an even better time this year! Also, mark your calendars, May 14th, we will have the ECF Central Chapter Cook-Out located at the Pines at Windermere. Thanks for taking the time to look through our newsletter. We are looking forward to seeing you all at our next event.

Florida Electrical Apprenticeship & Training (F.E.A.T.) News

What is going on at FEAT, Florida Electrical Apprenticeship & Training, Inc.? FEAT registration was held this past November 10th and 11th for the Winter-Spring 2020 Semester. During this registration period FEAT had 143 new students register and 22 past students returned to re-register. This brings the student count to 801 students scheduled to take classes this semester. FEAT Training Director Steve Pirolli said, we are now running 39 electrical apprenticeship classes for this Winter-Spring semester and will most likely have 40 electrical apprenticeship classes by the Fall semester starting in August 2020. FEAT now has 40 certified electrical instructors on board but will need 9 more electrical instructors over the next three year period. FEAT wants to also thank all of the electrical industry partners who support electrical education. Stay tuned...

Steve Pirolli

ECF is a non-profit trade association, owned entirely by its members. ECF's primary purpose is to strengthen and unify all segments of Florida's Electrical Industry. ECF was started in 1961 by a core group of 22 individuals with a goal of unifying the highly fragmented industry. ECF is education, information, but most importantly, ECF is people. People who want to learn more, do a better job, and take pride in their craft.

THE ROGER SCROGGINS APPRENTICESHIP INCENTIVE INITIATIVE

The electrical apprenticeship training program here in Central Florida continues to be the premier apprenticeship program of all the trades within the construction industry. However, to have an apprenticeship program you must first have apprentices. The best resource we have for these apprentices is right here in our public school systems. Today we are not just competing within our industry but also with other industries for people as they make their career choices and plan their futures. To compete with the other industries and to encourage students to select the construction industry as their careers of choice, a few founding fathers of the Electrical Council of Florida/CF Chapter felt a need to offer other incentives. Roger Scroggins, David Beasley and Gary Tubbs created the apprenticeship incentive initiative to help in the recruitment of pre-apprentices into the Academy of Construction Technologies (ACT) and to provide incentives for adults to continue their education and to complete the Florida Electrical Apprenticeship Training (FEAT) program. To commemorate the life-long dedication Roger Scroggins gave to the electrical industry, the initiative is proudly named the "Roger Scroggins Apprenticeship Incentive Initiative".

Congratulations to this years recipients !

The ECF Central Board of Directors supported the 2019 Thanksgiving Basket Brigade of Central Florida. The Thanksgiving Basket Brigade donates and Delivers decorated re-useable laundry baskets filled with food for a Thanksgiving Feast. These baskets are distributed locally to families in need during the holiday season. We were extremely pleased to present 6 more large baskets filled with all of the traditional Thanksgiving menu items. A huge thank you goes out to the Board and to Nanct Merced of ACT for decorating and putting the baskets together. The looked amazing but more importantly provided several families with a meal for the holidays.

Transforming the way we do business

Graybar's new Online Store gives you a vastly improved shopping experience. When you register for an online account, you get access to account-specific pricing, plus the ability to buy on account, check order status and look up invoice history and quotes.

Put the power of Graybar's new Online Store to work for you and simplify your procurement process.

Key Features

- Favorites lists
- Quotes/quick order
- Online chat
- Mobile responsive
- Email notifications

Customer Benefits

- Buy online using your company's account terms
- Mobile optimized view for use anywhere, on any device
- Get automatic notifications on purchases, shipments and returns
- Expanded fulfillment options, including the ability to pick up at a Graybar branch
- National customer support center available via email, phone or chat

NOTICE TO CONTRACTOR

The Florida Building Code, Sixth Edition (2017) including the 2014 National Electrical Code will become effective December 31, 2017.

F. S. 553.73(6) The initial adoption of, and any subsequent update or amendment to, the Florida Building Code by the commission is deemed adopted for use statewide without adoptions by local government. For a building permit for which an application is submitted prior to the effective date of the Florida Building Code, the state minimum building code in effect in the permitting jurisdiction on the date of the application governs the permitted work for the life of the permit and any extension granted to the permit.

***Please note applications submitted prior to December 31, 2017 will be reviewed under the Florida Building Code, Fifth Edition and the 2011 National Electrical Code.**

The 2017 6th Edition FBC can be found online at:

ECF Fall Golf Scramble at Orange Tree Golf Club

This years tournament was held at the recently renovated Orange Tree Golf Club in Dr. Phillips for the fourth year, and they did a fantastic job as always. We really lucked out and couldn't have asked for better weather this year. We had a great turnout and it was evident that everyone was really having a great day on the course. Thank you to all of the Sponsors and Golfers for the support!

Congratulations to this years Tournament Winners

- * 1st place winning team – Dennis Gailfoil, Kevin Fowler, Tom Cordell, Dennis Jones
- * 2nd place team – Matt West, Corey Gibbs, Billy Dorton, Matt Reid
- * Closest to the pin - Matt West

**A Special Thanks to this years
