Plan to join the ECF North East Chapter for a great afternoon of sporting clays. You'll have time to network, enjoy lunch and then work your way through the shooting stations.

The North East Chapter ECF Sporting Clays 'Fun Shoot' has been scheduled for Thursday, October 22, 2020 at Jacksonville Clay Target Sports. Only the first one hundred (100) registered shooters will be accepted. You may bring your own golf cart or be one of the first 20 registered teams to reserve one of JCTS golf carts.

Sporting Clays, sometimes referred to as "Golf with a Shotgun" consists of a series of natural and unique shooting fields connected along a course trail. At each field (or station), teams of 4 attempt to shoot airborne clay targets simulating game bird flight. Bring your gun, relax, network and have some fun.

Jacksonville Clay Target Sports has two state of the art 15-station sporting clays courses designed by renowned sporting clays architects and designers, Heyward Cunningham and Rick Hemingway. *The Clays Courses have something for everyone to enjoy.*

Shooters must wear ear and eye protection on the course. Shooters will be required to sign a waiver the day of the event and observe all safety rules including COVID - 19 requirements.

Don't own a gun? JTCS has a limited number of shotguns to rent. Everyone will receive safety training the day of the event.

Don't worry if you've never shot clays before, there will be lots of experienced shooters on hand.
