

Cyber Risk Management

Tuesday, August 18, 2020 (1 PM CT)

45 minutes | Complimentary | Advance registration required

Hardly a day goes by that we don't hear about a security breach or incident involving the loss of sensitive data to outside influence or hackers. We will discuss several layers of risk management that help reduce a business's exposure, as well as coverage options available to transfer this risk to an insurance carrier. Cyber crime is the fastest growing and most dynamic exposure in business today and we'll address strategies to minimize the risk.

WHO SHOULD ATTEND

- Owners/Officers
- Operations Management
- Risk Managers
- HR Professionals
- IT Professionals

WHAT YOU WILL LEARN

- Data breach and cybercrime trends, statistics and costs
- Business responsibility pertaining to data breaches and cyber intrusions
- Common data security concerns
- Risk management best practices and insurance solutions

After registering, you will receive a confirmation email and calendar appointment.
